Grandparents and Other Relative Carers Program

Are you a Grandparent or relative who is caring for children aged

- 0 - 18 years?
- Are you new to caring?
- Do you live in Tasmania?

If so, we can help you.

At Baptcare, we work across Tasmania to support Grandparents and relatives who care for children aged 0 - 18 years.

We can help you get started in practical and financial ways.

How can we help?

- Financial support to set up child/children in your home.
- Find legal support and information.
- Set up the children's schooling and other activities.
- Find services in your area and help you get involved.
- Find support through counselling or health services.
- Get in touch with others who are also caring through social groups, planned activities and information sessions.

Referrals and consultation

Any Grandparent or other relative caring for children aged 0 - 18 can access this program.

"The program was really practical and helped me find my way. They helped me get the basics when my grandson moved in and they helped us link in with the services and help we needed."

- Mary, Hobart
